The InnovaTouch 15" desktop features a flush screen and bezel free design, making it aesthetically pleasing and easy to use and clean. It has been integrated with projected capacitive touch technology, a technology that allows for multiple touch points and gesture input. The touch monitor finds a home in public information spaces and hospitality environments.

Retail
The display's ease of use and ergonomic features will keep employees and customers happy.

Restaurants
The flush screen is resistant to bacteria and dust, and the bezel is a dust- and splash-proof design.

Hospitality
The display's aesthetic features draw attention without detracting from its surrounding environment.

Public Information Environments
The display features VESA holes and a desktop stand, both of which ease installation concerns.

Specifications

Viewable Image Size	15"
Touch Technology	Projected capacitive
Pixel Pitch	.297 mm
Brightness	212cd/m^2
Contrast Ratio	500:1
Aspect Ratio	4:3
Resolution	1024 x 768
Response Time	8 ms
Viewing Angle	125° Vertical; 140° Horizontal
Synchronization	Horizontal 31.47-60.02kHz Vertical 56-75Hz
Connectivity	15 pin Dsub, RS-232, VGA, USB
